Philosophy & Purpose

It is the philosophy of this preschool that early childhood should be a time of fun, warmth, security, exploration and discovery, preschool children are creative and receptive; the program strives to nurture and encourage those qualities in its students. It is also felt that this is an appropriate time to begin nurturing a relationship with God.

St. Barnabas Christian Preschool's purpose is to provide an atmosphere that

encourages social emotional, physical, intellectual and spiritual growth, and development of the child as a whole. Planned within the framework of the philosophy and purpose, our curriculum includes sharing and conversation time; stories, song and finger plays; creative art projects and crafts; games and large muscle activities; science and nature activities, exposure to shapes, colors, numbers, letters, sounds, and celebration of birthdays and holidays. An age appropriate Christian based activity will also be part of the weekly routine.
